

Automaton to Fight Future Wars, Says Danish Inventor

His Queer Machine, With Electric Control Miles Away, Fires 400 Shots.

COPENHAGEN, May 25.—Automatons may replace soldiers in the next war if an invention just patented by a Danish engineer named Aasen does what is claimed for it.

Aasen says he has invented a cylinder which may be buried in the ground for miles in the same fashion as sub-marine mines are placed in harbors, doing no damage until they are fired. The cylinder is operated by electricity from a station four or five miles distant. When a shell is pressed the cylinder jumps two feet from the ground and fires 400 shots continuously, the shots being effective at a range of 4,000 yards.

Any number of cylinders may be placed around the places to be defended in one or several lines, and the inventor claims that they would move down to the bottom of the attacking force. He says, moreover, that crops may be grown over the automatons as a line of defense and they would be so completely hidden that the enemy would not know their position until they started firing.

I. W. W. MEN BREAK UP MEETING OF STRIKERS

SIX Workers Talk of Return to Mills and Roughhouse Starts in Hall.

The issue between the striking Paterson silk workers who are not allied with the Industrial Workers of the World and who wish to break the strike by returning to their looms and the I. W. W. malcontents who will not work to compromise or a return to work came near leading to rioting today when the former faction attempted to hold a meeting in Probat Hall at Fair and Washington streets in Paterson.

About 300 delegates, all of them women and representing between 2,500 and 4,000 workers in seven mills affected by the strike, gathered in the hall for the purpose of arranging a date for the return to work. Between 7 and 100 of the I. W. W. hotheads crowded into the hall with the pacific delegates and immediately started trouble. They yelled and howled down every speaker, tried to rush the platform and in other ways made anything like an orderly meeting impossible.

Finally David Kay, who was presiding, had to call the meeting adjourned. Several rough and tumble fights occurred before the hall was cleared. The delegates finally got permission to meet in the mills which they have been besieging for so many weeks.

Two Killed in Train Collision.

YOUNGSTOWN, O., May 25.—Two men were killed and one injured, all Pennsylvania Railroad employees, when passenger train No. 35 crashed into a freight train between Niles and Alliance shortly before midnight last night. The dead are: George W. Watson, engineer of the passenger train, of Mahoningtown, Pa., and J. P. Lakner, fireman of the freight train, who lived in Cleveland. The accident, it is alleged, was due to a misplaced switch.

DIRECT PRIMARY MASS-MEETINGS TO-NIGHT: Prospect Hall, Brooklyn, N. Y. 801 Prospect avenue; Star Theatre, Manhattan, One Hundred and Seventh street and Lexington avenue; Niles Garden, Brooklyn, Third avenue and No. 100th street; Third Avenue and No. 100th street; George W. Watson, John T. Miller, George W. Watson, John T. Miller, George W. Watson, John T. Miller.

GENUINE DIAMONDS To-day and To-morrow 15 SPECIAL RINGS

Ladies' and Gentlemen's Sizes. We are now having our 15th annual "Mark-Down Sale of Diamonds." These 15-day "Big Sale" of diamonds, rings, and other fine jewelry cannot be duplicated at our reduction by any jeweler in the United States. We guarantee the weight and quality of every diamond we sell, and give you a written guarantee that they are GUARANTEED TO STAND ALL TESTS.
